Leadership

Motivational Speaker   Tri-state Area
                                                                                             January 2006 – Present
- Educate students about driving safety, alcohol and drug abuse, the importance of education, and the danger of feeling invincible
- Manage the website www.Chrismemoli.com to promote and schedule speaking engagements.

I am disabled from a motor vehicle accident in 2002. I am non-verbal, and speak with a augmentative speech device. I have worked very hard to get my degrees and over come many obstacles'. Giving the opportunity to prove myself and demonstrate my hard work and dedication would be greatly appreciated.

Selected Academic Projects

Software Engineering
- Developed a time tracking app in Visual Basic to assist office employees in keeping track of time delegation and completion progress for multiple projects/tasks at once

Computer Forensics
- Analyzed phones and computers for data.
